

# INTEGRATED SOLUTIONS

Today's world presents a multitude of security, logistics, and risk management challenges for Units. At JSU Group, we provide integrated solutions that help our customers navigate these complex issues and achieve their goals. Whether it's onsite tactical services, program management support, or procurement of technology or tactical gear, we have the expertise and capabilities to deliver tailored solutions that meet your unique needs.

## Let's See Who We Are?

JSU Group is a service-disabled veteran-owned small business that was founded by a group of veterans with a shared vision and a profound desire to make a difference. Our founders, having firsthand experience in the military, recognized the challenges faced by various units and felt a calling to be actively involved in solving those problems. With their unwavering commitment and expertise, JSU Group was established as a platform to provide innovative and effective solutions on the ground. Our deep understanding of the military landscape, combined with our unique perspective as veterans, enables us to tackle complex issues head-on and deliver tangible results. JSU Group embodies the spirit of service and dedication, channeling our skills and experiences to make a meaningful impact in the lives of servicemen and women.

## Our Services

### Procurement Kitting

Procurement kitting involves the strategic process of assembling and packaging multiple items into kits to streamline and optimize procurement.

### Program Management

Our PM SMEs ensure that goals are met, resources are effectively utilized, and stakeholders are engaged and informed throughout the contract.

### TECH Innovation

We encompass the development and implementation of novel ideas, solutions, and advancements in technology to drive progress, improve efficiency, and unlock new possibilities in various industries and sectors.
